## ABOUT US

We are an Australian company specialising in cloud based solutions for the Australian & New Zealand markets.

We have a highly experienced team of developers and payroll specialists and are also members of the ATO's Software Developers Consultative Group (SDCG).

As a company we are constantly innovating and developing our products to meet the needs of our customers. We understand that your business is dynamic and work with you to provide the best solution for your business.

The relationship we have with our customers is paramount and we like to maintain a close working relationship after implementation. Our technical support and consulting teams are available at all times.

## WHAT OUR CUSTOMERS ARE SAYING

*"The specific needs of our business and the terminology and methods our employees were accustomed to were accommodated for resulting in minimal disruption in the change over from our previous system. The training and back up support provided by Infinet were first class."*

*"The move to Infinet Cloud Payroll was quick and smooth thanks to the excellent support received from Infinet. The weekly payroll is completed simply and efficiently with the comfort of knowing that support is just an email or phone call away. Managing employees is also made easy with the ability for employees to submit leave requests online. Processing the payroll and maintaining employee records are no longer a burden."*

*"Fraser and the team have developed a first class solution here. We have received an excellent solution backed by fantastic support - the result is a far more streamlined and efficient approach to the series of spread sheets we used to run through manually every pay run!"*
